Dear Ms. Shenoy

Sub: Appreciation for Youth 4 Job's work and collaboration with Titan Industries

We are glad to inform you that the candidates selected from your training centre are working well. We appreciate the work of Youth 4 Jobs in bringing the most vulnerable disadvantaged youth up to the Industry expectations. We found all the candidates well trained with English, Soft skills, Computer skills and Customer relationship skills, in tune with company needs.

As a part of the Tata group, Titan has been a pioneer in ensuring an inclusive and diverse workforce. We look forward for a longer partnership with Y4J in supporting us in this endeavour.

As discussed we will plan for dedicated batches trained by Y4J for Titan.

Thanks & Best Wishes,

I. Sanjeev
